Geometry Whitening Facial Cream

Innovative Ingredient for whitening

Anti-Aging Spot Skin Revitalizer

INNOVATIVE INGREDIENT FOR WHITEN: Geometry Whitening facial cream contains Innovative mechanism at 2 levels: has a differentiating mechanism compared to the main known molecules on the market that act as direct tyrosinase inhibitors.

Pisum Sativum (Pea) Extract Contains vital amino acids and proteins necessary for the production of collagen and elastin. Also reinforces the skin's natural defense in fighting free radicals.

Net Wt. 100 ml Art: GM-002C

GM-0160

Geometry Deep Cleansing Oil Make Up Remover

Water-Soluble Deep Cleansing Oil. Rinses away to help leave skin and clean.

The GEOMETRY Cleansing Oil, as the name suggests, is an oil-based cleanser - not pure oil, but the top ingredient in this cleanser is olive oil. It looks and feels like oil.

To use, dispense 2 to 3 pumps of this cleanser on to DRY hands and massage on to DRY skin. Massage for a minute or so to give the oil time to dissolve all makeup/dirt, wet your hands and gently massage into the skin - the product sort of emulsifies into lather as you do this. Not a real foamy, bubbly lather, but something foam-like and there isn't a whole lot of it to be seen either. Now just wash off as usual.

Net Wt. 200 ml Art: GM-0160

Geometry AHA Whitening Body Scrub with Tamarind & Honey

Whiten your skin and lighten its darker areas with natural Tamarind and Honey

AHA (alpha-hydroxy) is added to increase this scrubs effectiveness in cleansing and lightening the skin, deterring acne and aging. Tamarind is a perfect treatment for oily and acne prone skin due to antimicrobial properties and rich in AHA which help smoothen and brighten skin. The primary action of AHAs is to exfoliate dead skin cells by weakening bonds that hold dead skin cells together, thus resulting in skin which looks brighter, thus leading to a younger look. Tamarind extract when applied to the face are excellent anti-freckle and remedies.

Tamarind extract in the body scrub has a natural acid mixture that reduces blemishes and helps increase the cell renewal to clarify and brighten skin. Studies have shown that tamarind extract significantly improves skin elasticity, hydration and smoothness.
